

Comments regarding our Christmas show

What an excellent show! Each year it gets better and better. Brilliant set decoration and the children enjoyed what they were doing. St. Mary's and all the parents can be proud of their children. KS2 Parent

Very enjoyable performance. Looked like a lot of work went into it. Parent

Firstly, I thought the children's Christmas performance was amazing! They all must have worked very hard. It was a fantastic idea to have the play based on WW2. The children must have learnt a lot about time back in the 1940s – a brilliant history lesson which will always stick in the children's minds as well because they acted the parts out. The children know so well the traditional Christmas story

We thought the performance was fantastic especially as most of it was written by the children. Well done to you all KS2 Parent

Done in a very professional way. Really enjoyed it. Different from your normal nativity play – but still got the message across. Well done to all KS1 Parent

Thank you for inviting me to 'The Christmas Blitz Hits'. My mum and auntie lived through the Blitz in Liverpool and were 'bombed out' three times in ten days! The performance was moving and showed good humour and community spirit can go along way to helping people achieve their objectives. Definitely a lesson for us all.
